

Smugglers images national meeting 2016 : pico-projection workshop

19 November 2016, by [Benoît Labourdette](#).

As part of smugglers national meetings of images 2016 November 19, 2016, I proposed a “pico-projection workshop”, experiences shared with professionals in education, with the image and with young people to reflect, in action, the potential of pico-projectors in the field of audiovisual cultural action. Supported on [experiences I lead since 2011](#), I said rather playful explorations. Here are two videos of these experiences. Workshop conducted with the collaboration of Claire Noël.
